Analysis of Students feedback on Curriculum (Session 2022-23)

Feedback is an important feature of the teaching learning process. Collecting regular feedback from students helps in quality improvement of instructions and the kind and direction in which more effort is required for better student satisfaction, satisfaction of parents and community at large. In the era of digitization and to deal with the covid pandemic situation it was decided by the institution to collect the feedback from the students through online mode. Curriculum related aspects were discussed, feedback from the previous years was analyzed, some new parameters were added and a new feedback form was prepared and circulated among B.Ed, PGDGC and M.Ed final year students.

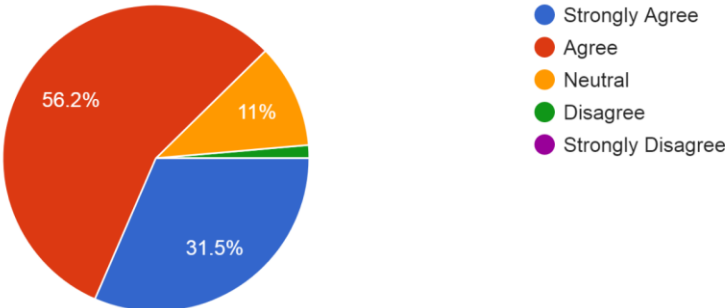

Observations regarding curriculum feedback

S.No.	Parameters	Percentage	Analysis
1.	Rating of Orientation programme	More than 87%	More than 87 % students reported that orientation programme conducted in the beginning of the course were quite helpful to understand the structure of the course in depth.
2.	Flexibility in Curriculum	More than 90%	It is clear from the results that almost all students reported that the curriculum was flexible and they were given an adequate number of choices. Based on the previous year's feedback the institution introduced new optional subjects at B.Ed and M.Ed level
3.	Development of Insights about present system of Education	85%	A great number of students were in favor of the point that the curriculum taught to them has helped them to be clearer about their role as a teacher.
4.	Teaching- Learning Resources	More than 84%	Majority of Students reported that institution has provided them adequate teaching learning resources. Institution expanded its resources, especially worked more on E-resources including LMS and you tube channel.
5.	Catering Diversity	More than 80%	Challenge of diversity was addressed in a very well manner as clear from the feedback. Being located in rural area and near the air force station Halwara students from different cities and states joins this institution and very well catered by the institution
6.	Mentoring Process	More than 86%	Mentor and mentoring system is a unique feature of this institution and students were very much satisfied with the individual attention they received.
7.	Fairness in Internal Evaluation	More than 83%	More than 83% students were of the view that institution is very fair in evaluative practices
8.	Interactive Methods of teaching	More Than 86%	Students got the exposure of interactive teaching methods and ICT enriched curriculum
9.	Organization of Value Added programmes	More Than 90%	As per the previous year's feedback from the students and alumni, the Institution started new value added courses for the session 2022-23.

10.	Opportunities in participation of co-curricular activities	More than 91%	For wholesome personality development institutions provided maximum opportunities to students as clear from the feedback of the students.
11.	Development of soft skills	More than 87%	Students were totally agreed that the institution worked for the development of soft skills other than regular curriculum transactions.
12.	Enough Exposure to Library and Laboratory facilities	More than 72%	From the feedback it is clear that institution has provided them with good exposure to library and laboratory facilities.
13.	Proper training through Pre- Internship Practice	More than 94%	Institution remained successful to a great extent in its motive to produce good quality teachers through proper pre-internship and internship practices.
14.	Optimal maintenance and use of infrastructure	More than 87%	Institution not only worked on the best infrastructure resources but also did its best efforts to maintain and use them in best manner.
15.	Student Support Services	More than 87%	Students were highly satisfied with the different support services provided by the institution
16.	Practicability of curriculum objectives	More than 86%	Institution has made every effort to achieve the curriculum objectives in real terms as clear from the feedback
17.	Blended Mode of curriculum delivery	More than 76%	As per the demand and need of the hour institution adopted the blended mode of curriculum delivery
18.	Information about scholarships/ govt. aids	More than 94%	Institution left no stone unturned to help needy students through updated information about govt.aids and how to apply and get benefits as it is mentioned by 94% students in their feedback.
19.	Use of multiple modes of teaching and learning	More than 86%	To bring novelty and create interest institution adopted multiple modes of teaching as reported by more than 86% students.

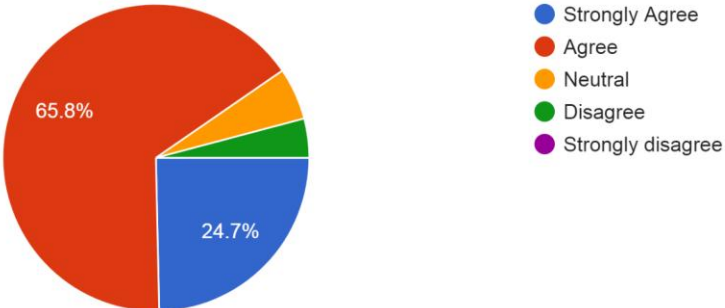

In the beginning of the course, orientation session was helpful to understand expected outcomes of the course and the competencies to be developed.

73 responses

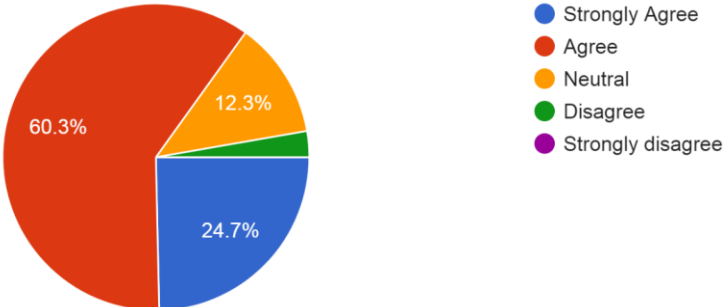

There is enough flexibility to choose various optional subjects in your course.

73 responses

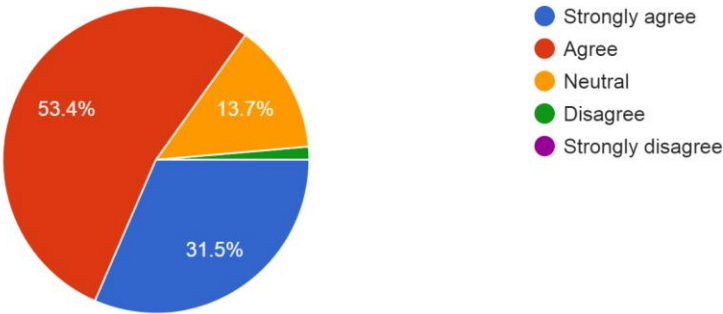

Theory and practice given during the course provided enough insight of the present system of education in schools.

73 responses

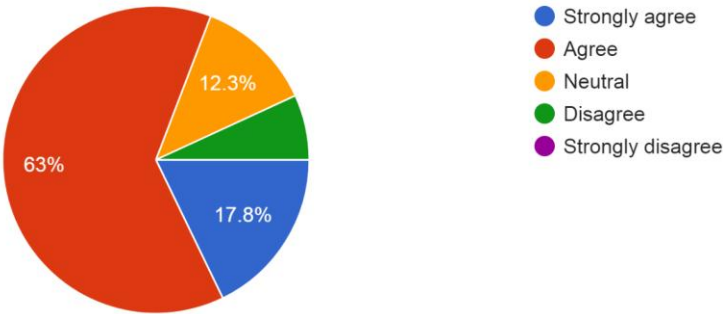

Teachers facilitated the students with teaching –learning material (notes/Handouts/PPTs).

73 responses

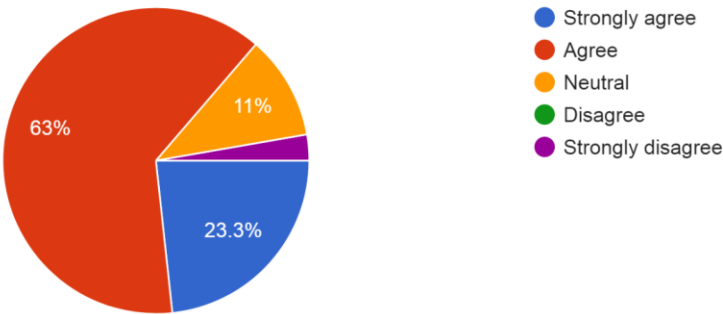

Institution caters to the diverse and individual needs of the students.

73 responses

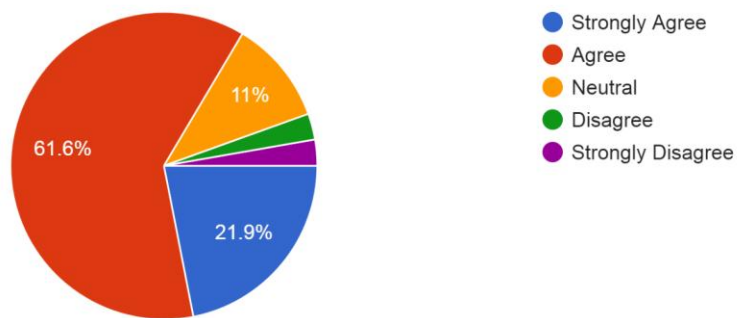

Well developed mentoring process in the college to resolve the difficulties in academic and personal matters.

73 responses

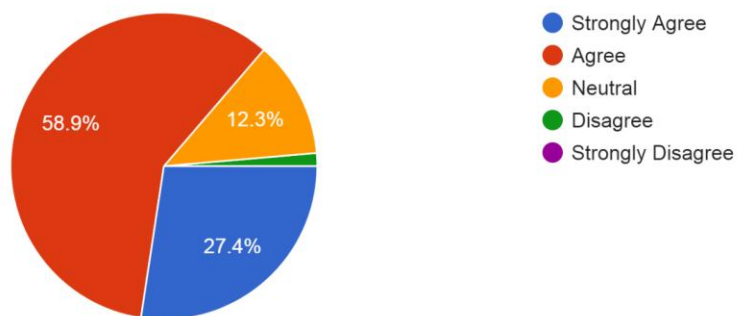

There is Fairness in the Internal evaluation adopted by the college.

73 responses

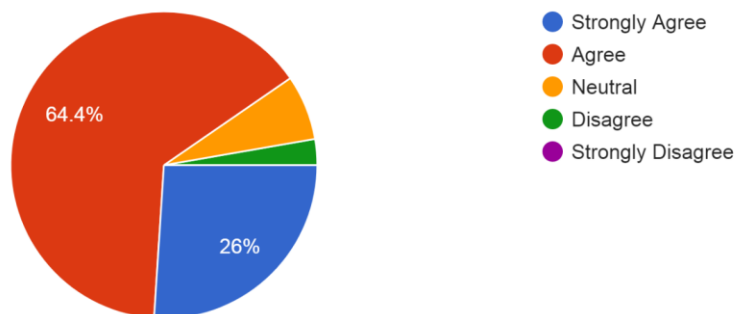

Interactive methods of teaching are used.

73 responses

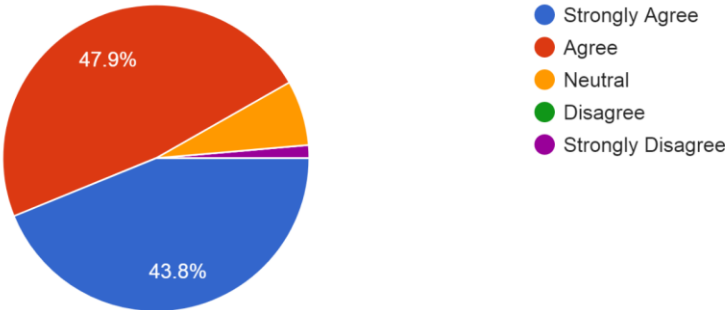

Organization of various Professional ethics & Value oriented programmes for students and teachers (to gain competency in their profession).

73 responses

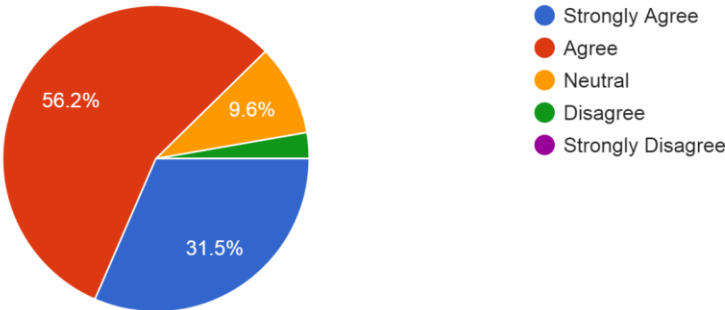

Opportunities for participation in seminars, special lectures, field tours, quiz, debate etc. to increase skills and experience.

73 responses

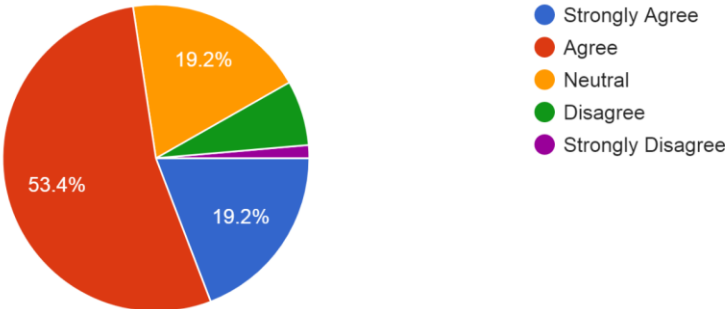

Enhancement and development of various soft skills through classroom activities, seminar and workshops.

73 responses

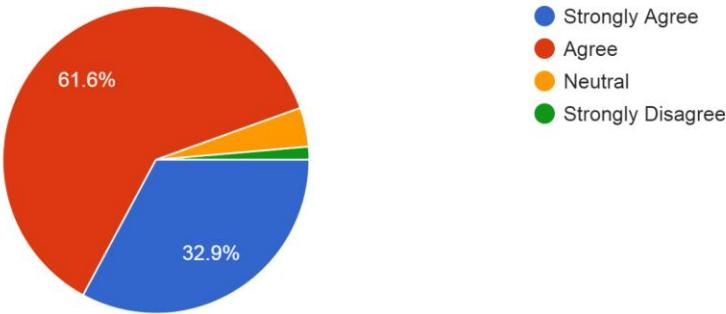

Enough exposure to the Laboratory facilities (Method Lab, ET Lab, Science Lab, Maths Lab, Language lab, psychology Lab, Computer lab etc.)

73 responses

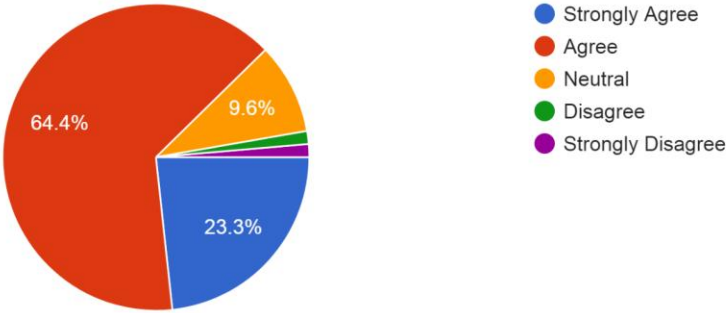

Proper training through Pre- Internship Practices before going for Internship programme.

73 responses

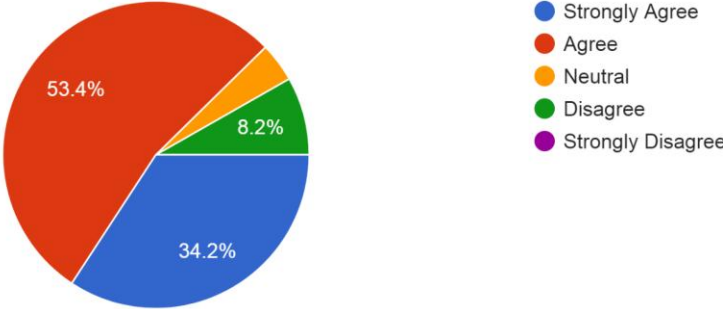

Maintenance and optimal use of Infrastructure and learning resources in the institution.

73 responses

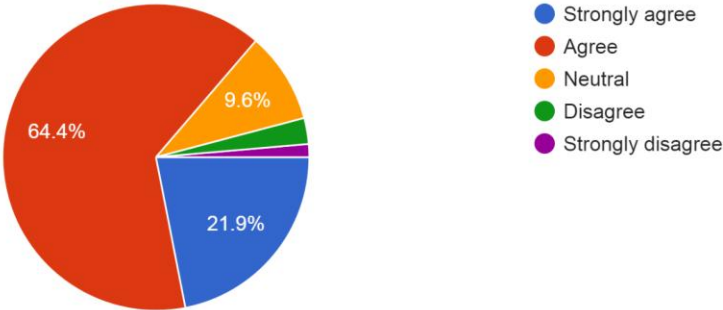

Student Support services (NSS, Club & Societies, Book Bank etc.) provided by the college.

73 responses

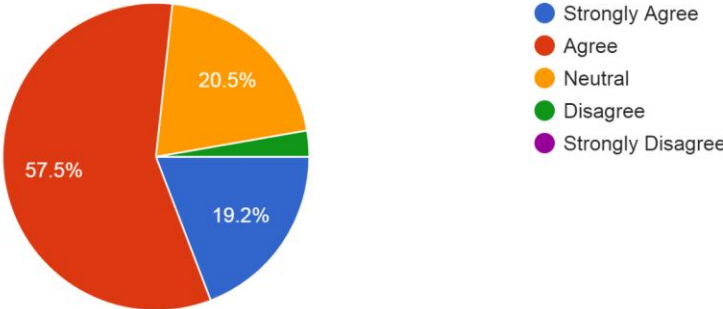

Objectives stated for each course in the curriculum is practical in nature.

73 responses

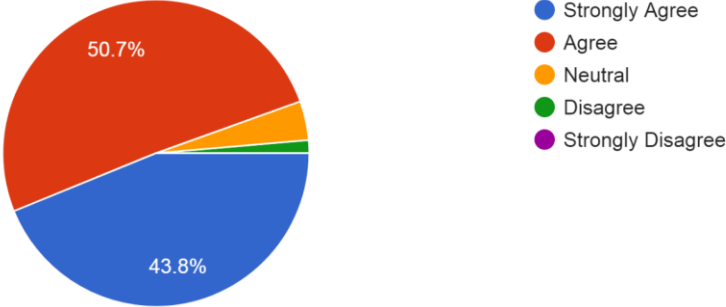

Mechanism for delivery of curriculum is as per global standards (Blended Mode).

73 responses

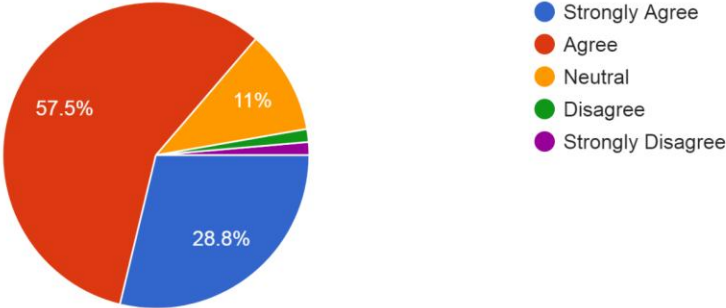

Timely intimation of information about scholarships/ Student aids and appropriate guidance to apply.

73 responses

Use of Multiple modes (Lecture/ Tutorial) of teaching learning in the college.

ANALYSIS OF TEACHERS FEEDBACK ON CURRICULUM (2022-23)

For the session 2022-23 curriculum feedback was obtained from 12 faculty members through google form comprising a five point rating scale on various parameters related to curriculum and suggestions for further improvement.

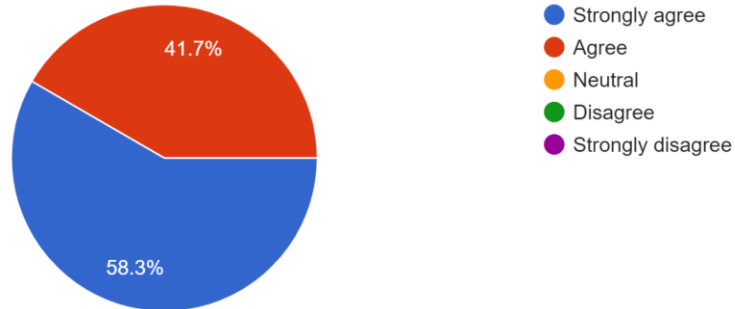

. Analysis of the feedback received from teachers is given in a tabular form as under- .

Parameters	% of opinion	Analysis
Complementary nature of PLOs and CLOs of the curriculum	More than 58% (Strongly Agree) 41% (agree)	Though programme learning outcomes and course learning outcomes are prescribed by the PU Chandigarh, the institution makes every effort to fulfill them.
Flexibility of the curriculum	66.7 % Strongly agree and 33.3 % agree	Institution has worked on the aspects of providing flexibility through the addition of optional and pedagogy as well as craft subjects both for B.Ed and M.Ed students(sessions 2022-23).
Self Learning Component	58.3 % Strongly agree and 41.7 % agree	Institutions tried to incorporate all the activities through which self - learning is promoted and spirit of self dependence is inculcated.
Global standards of Learning Outcomes	50.% agree and 41.7 % is given to strongly agree, 8.3 neutral	Students will be able to utilize their knowledge at the global level as half of the teachers are in agreement with this view.
Correlation and proper unitization of the syllabus	58.3% strongly agree and 41.7% agree	Teachers are in favor that the curriculum framed by the affiliated university PU Chandigarh and implemented by the institution is well drafted with proper units and correlation between the various components.
Availability of books and reference materials	66.7 % strongly agree, 25 % agree and 8.3 neutral opinion	Institution has tried its best to provide good quality books and reference material (Online and offline. Inlibnet system is installed, LMS and you tube channel is created

Soundness of Evaluative practices	66.7 strongly agree and 33.3 agree	Evaluative practices used by the institution are very sound in nature. Performance of each student is evaluated without any bias.
Sessional Work	66.7 % strongly agree and 33.3 % agree	Sessional work allotted to the students are very much relevant and having some practical utility as very much clear from the feedback.
Interdisciplinary nature of the curriculum	50% strongly agreed and the other half agreed with the statement.	teachers reported that the curriculum provides the knowledge of more than one discipline which can help the students to broaden their knowledge and vision.
Provision of co-curricular and extra curricular activities	50% strongly agreed and the other half agreed with the statement.	For the wholesome personality development institution is constantly working on introducing more and more co-curricular and extra curricular activities in the curriculum as reflected in feedback also.
Promotes future placements	66.7% strongly agree and 33.3% agree	The main motive of any educational institution is to make students either self employed or get good placement and this institution remained successful in this pursuit through placement cell and drives conducted on yearly basis.
Skill and Value Based	Falls equal between the category of strongly agree and agree.	An education which is devoid of value generation and its promotion to the younger generation is of no use. Similarly developing the entrepreneurship ability should also be one of the motives and this institution is doing excellent efforts in this direction as cleared from the feedback.
Spirit of Inquiry	Falls equal between the category of strongly agree and agree.	Research is the foundation for all types of development and promoting the spirit of research is well kept in mind by the institution as reported in the views of majority of teachers.

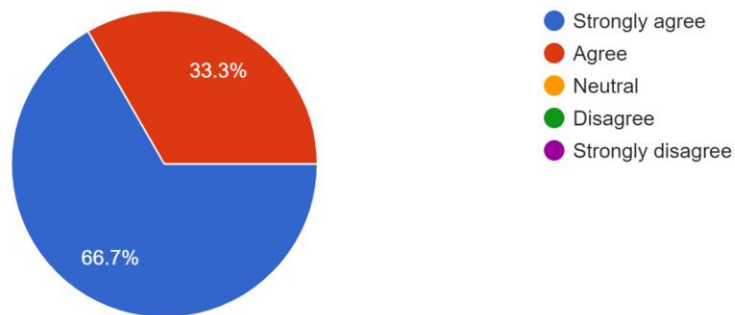

Programme Learning objectives (PLO) and Course learning objective (CLO) of the curriculum are complementary to each other.

12 responses

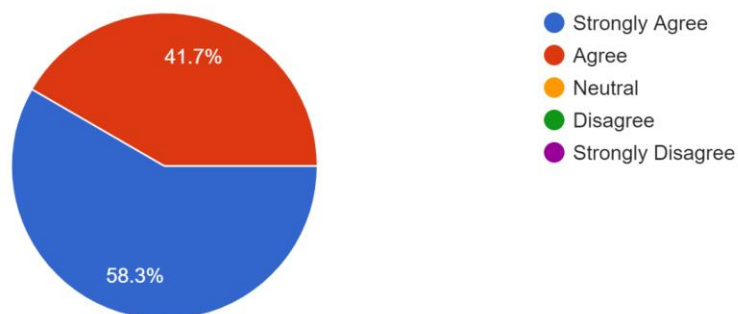

Curriculum is academically flexible in terms of selection of electives and optional subjects.

12 responses

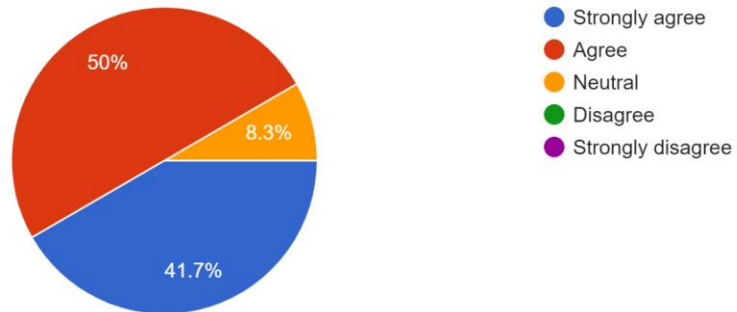

Curriculum has the quality of promoting self learning.

12 responses

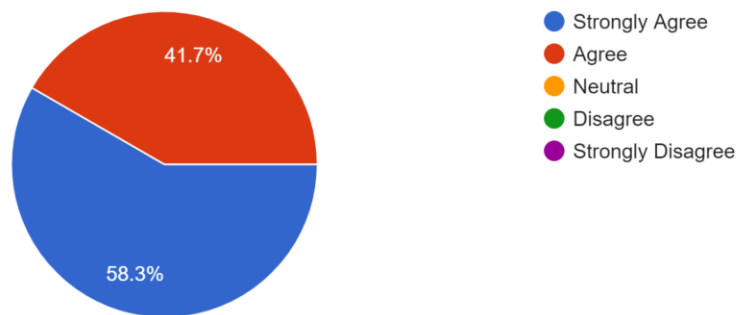

The learning outcomes of the curriculum are of global standard.

12 responses

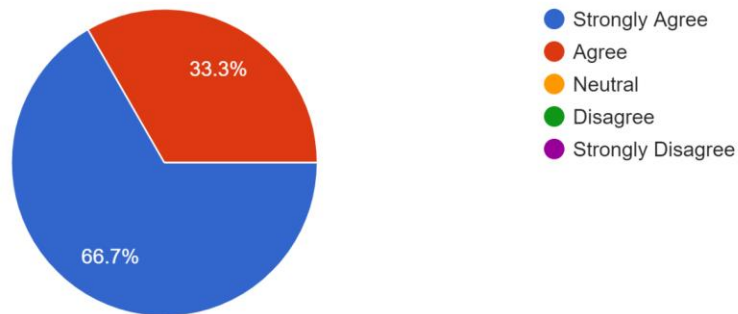

Proper unitization of the syllabus and correlation is there among the topics of the prescribed syllabus.

12 responses

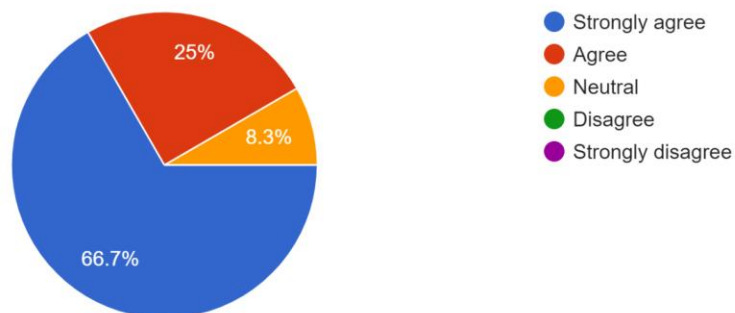

Evaluative practices (Internal and External) mentioned in the curriculum are sound in nature.

12 responses

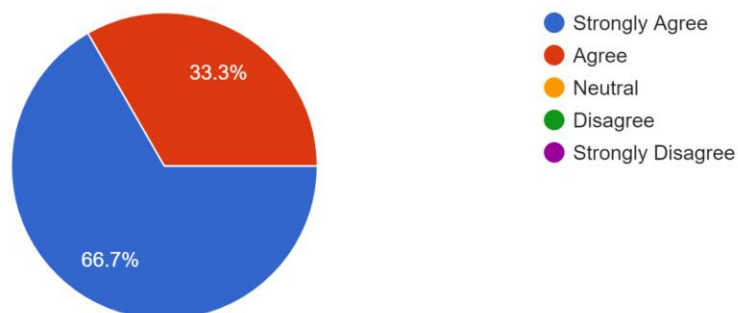

Sufficient reference material and books are available for the topics mentioned.

12 responses

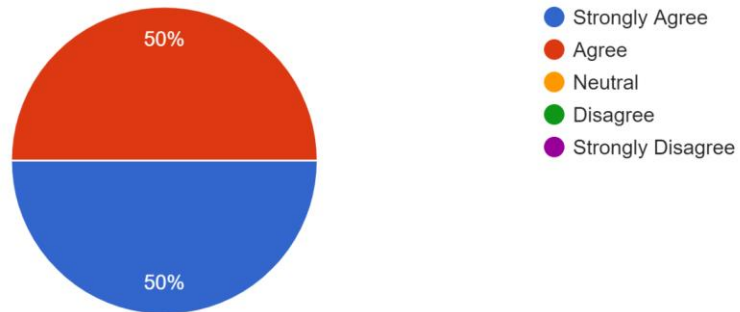

Sessional work for the subject is relevant and practical in nature.

12 responses

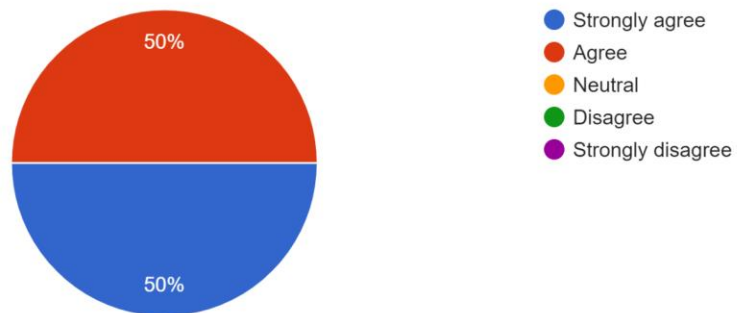

Curriculum is interdisciplinary as well as comparative in nature.

12 responses

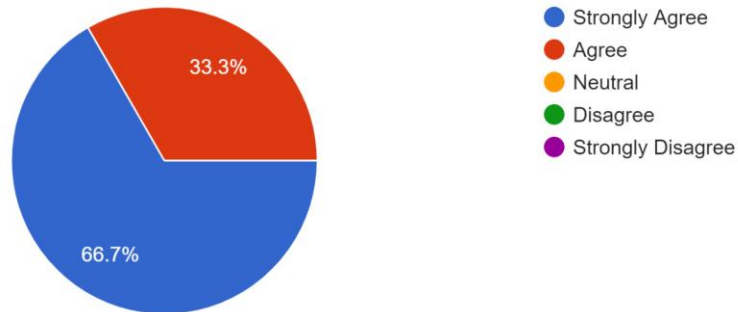

Curriculum is well supported by co-curricular and extracurricular activities

12 responses

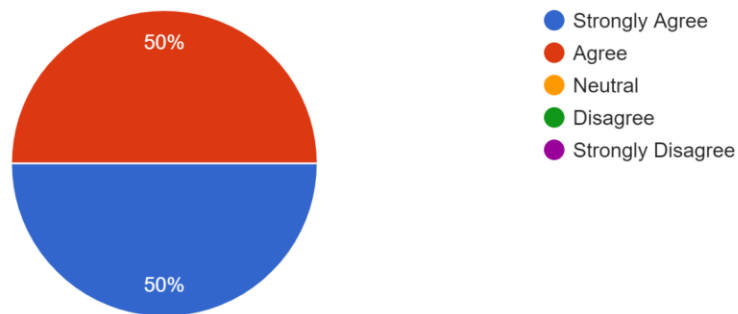

Curriculum has the course component which is helpful for future placements of students.

12 responses

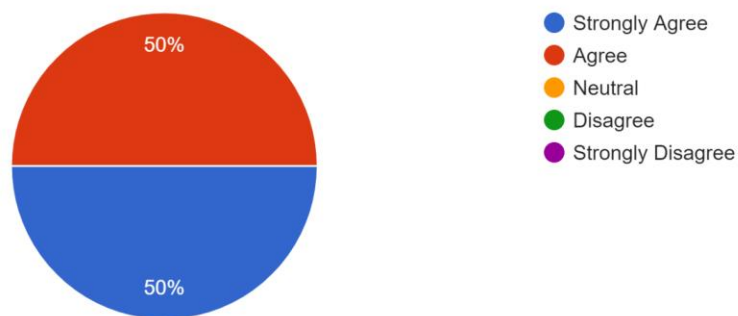

Along with curricular knowledge, curriculum provides life skills and value based knowledge to the students.

12 responses

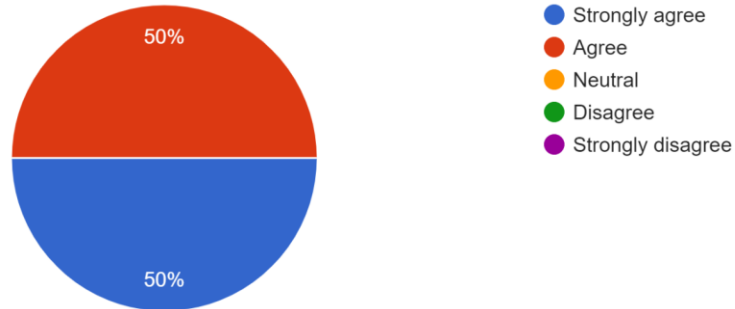

Curriculum is able to develop spirit of enquiry among students.

12 responses

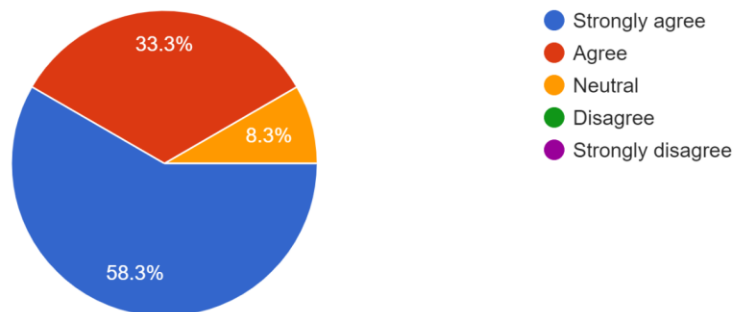

Curriculum is framed keeping in mind the physical, social, mental and emotional needs of the students.

12 responses

Extended Internship programme included in the curriculum is able to develop basic skills of teaching among the students.

Analysis of Curriculum Feedback Given by Heads of Practicing schools (Session 2022-23)

Curriculum feedback from the heads of internship schools were collected through online mode for the session 2022-23. Review of previous years feedback was taken into consideration and a better link was established between parent institute and internship schools. Curriculum was modified and made more relevant to local needs through introduction of some new skill based courses. On most of the quality parameters heads of schools were more than satisfied as clear from the pie charts. Suggestions were also received for improvement in curriculum from heads. Qualitative and Quantitative analysis was done which is as under:

Qualitative Analysis:

- More Confidence developing strategies should be used by the institution through giving opportunities to organize and conduct various activities.
- Curriculum should be more skill oriented heading towards competency.
- Heads demand that rigorous internship training must be organized by the institution with regular follow up and feedback for improvement.
- Moral moral education programme should be run by the institution.
- Heads were of the opinion that the gap between school and college education should be minimized.

Quantitative Analysis

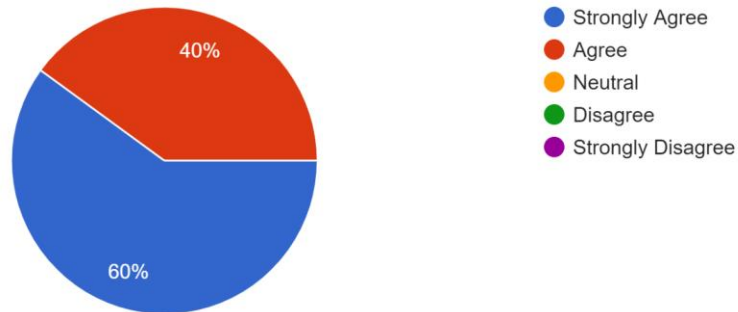

On the various parameters chosen for curriculum feedback the percentage of opinion and its analysis is under:

- Theory and practical components are linked to a great extent as 44% heads agree and 52 % strongly agree with the statement.
- Institution worked to develop needed competencies as a teacher as (52% agree and 44% strongly agree).
- Institution also promoted self -learning skills among the students (52% agree and 44% strongly agree).
- To make the curriculum more relevant and in tune with recent trends across the globe the institution incorporated new topics and techniques in curriculum (60% agree and 40 % strongly agree).
- Objective of wholesome personality development was achieved by the institution as(40% agree and 60% strongly agree).
- To broaden the outlook of the students and to promote mastery, institutions remained successful in providing detailed knowledge of the specialized areas as reported by (64 % agree and 28 % strongly agree) views of heads.

- All the activities included in the curriculum have the spirit of self dependence which is the need of the hour (40% agree and 56 % strongly agree) .
- Institution introduced skill based courses including finishing school programmes, and certificate course in jewelry designing to promote self dependence.
- Students were given the best practices in preparing and using ICT skills as all of the heads were in favor of this statement.
- Efforts were made by the institution to impart interdisciplinary knowledge to the students (36% strongly agree and 64% agree).
- Along with the curricular activities students got the opportunity to explore and express themselves through the co-curricular activities as reported by 32% agree and 68% strongly agree by the heads.
- Curriculum framed and carried out and practiced by the students in internship schools were totally as per the expectations as reported by more than 96% heads.
- To remain successful in one's profession one must have the ability to organize and lead and this institution focussed on this objective in an excellent manner as reported by 99% heads.
- Spirit of developing professional ethics was well handled by the institution as reported by 96% heads.
- So if we have to summarize this picture, the institution is doing its best efforts which is reflected in conduct and performance of students.

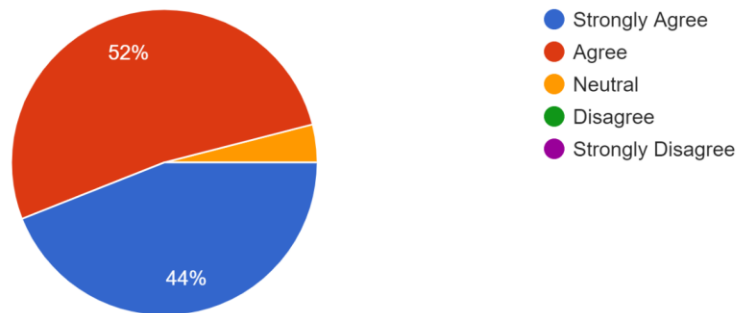

Curriculum establishes a link between theoretical and practical knowledge.

25 responses

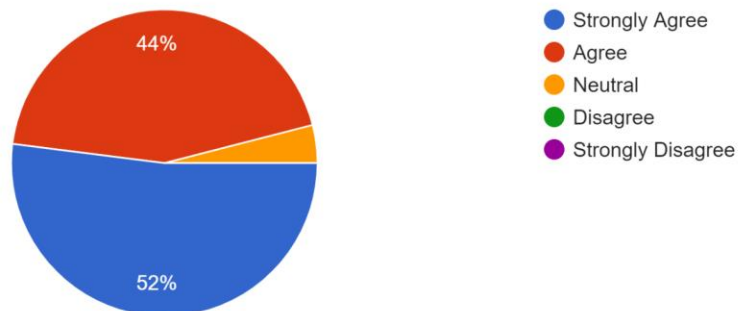

Curriculum has the quality of developing necessary skills and competencies among students to be a successful teacher.

25 responses

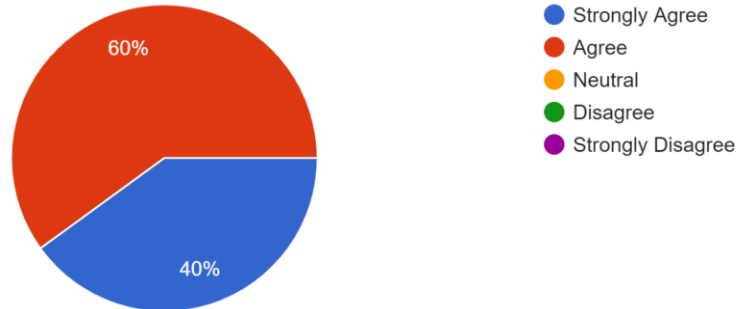

Curriculum has the quality of promoting self learning.

25 responses

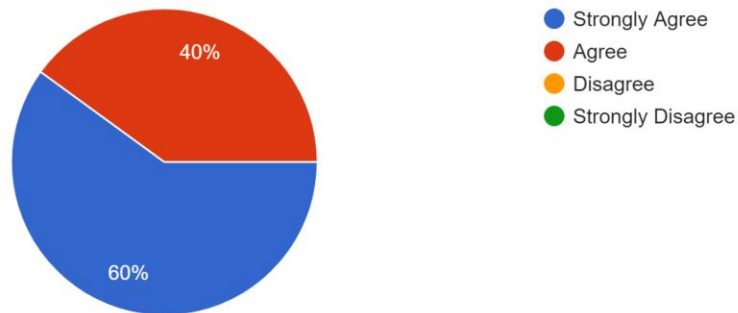

Curriculum is framed keeping in mind the global trends and issues like Gender equality, Sustainable development, Peace, Value and Life skill Education.

25 responses

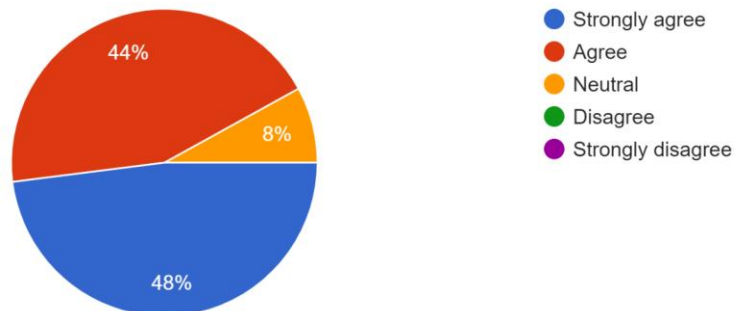

Curriculum focuses on overall personality development of the students.

25 responses

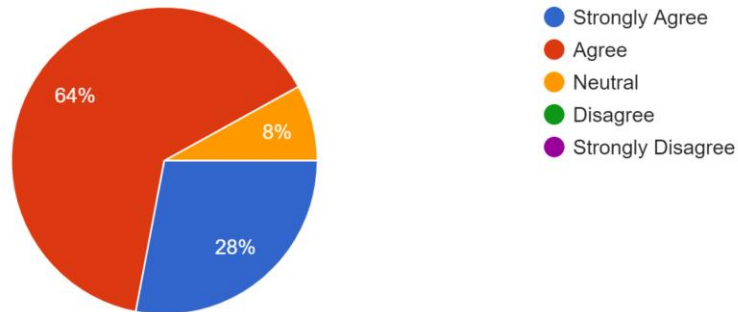

Curriculum is in congruence with the demand of changing environment.

25 responses

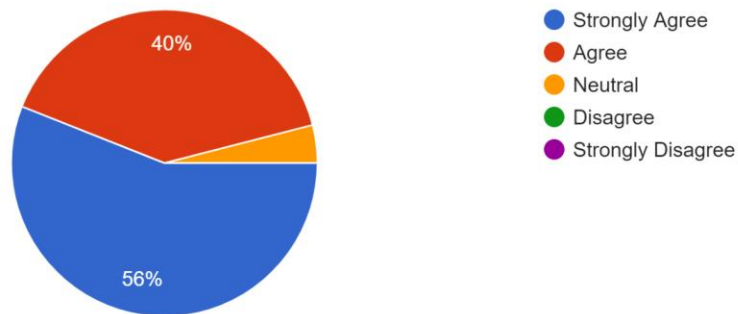

Curriculum is providing detailed knowledge of specialized areas.

25 responses

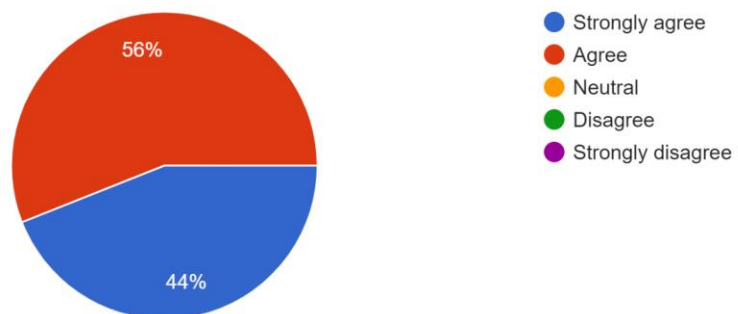

Curriculum promotes self dependence.

25 responses

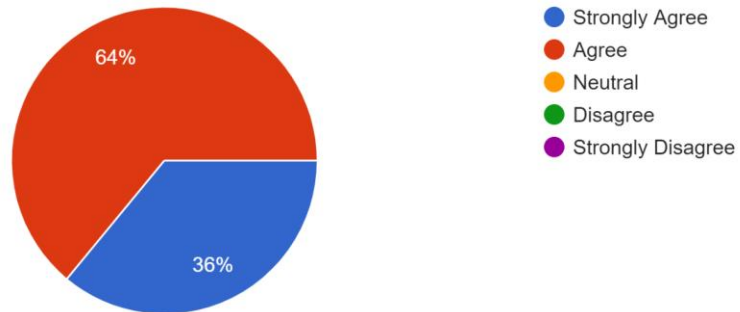

Curriculum has the feature of incorporating latest technological advancement.

25 responses

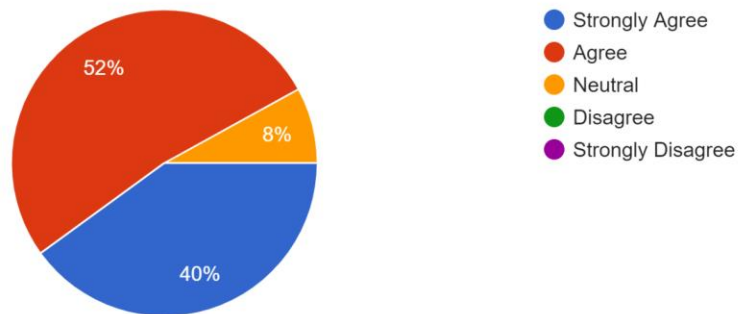

Curriculum is interdisciplinary as well as comparative in nature.

25 responses

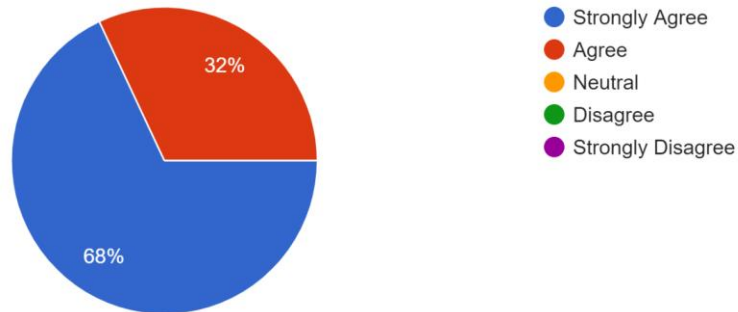

Curriculum has the capacity of identifying local needs.

25 responses

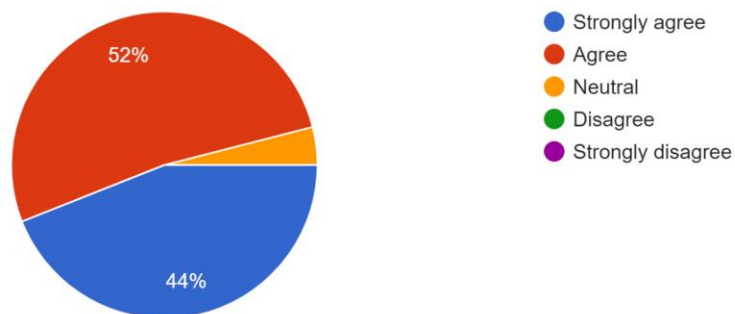

Co- curricular and extracurricular activities are well balanced in the overall frame work of curriculum.

25 responses

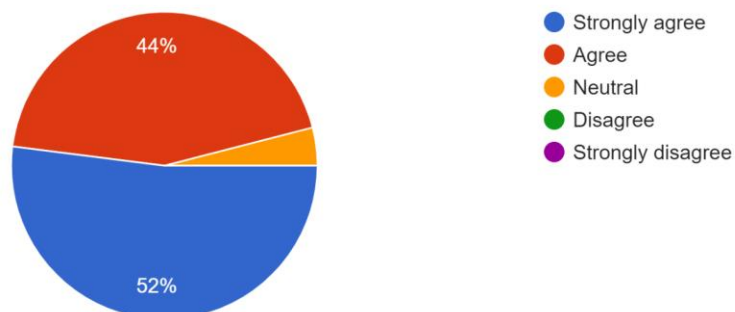

Curriculum is in tune with expectations of the employers from their employees.

25 responses

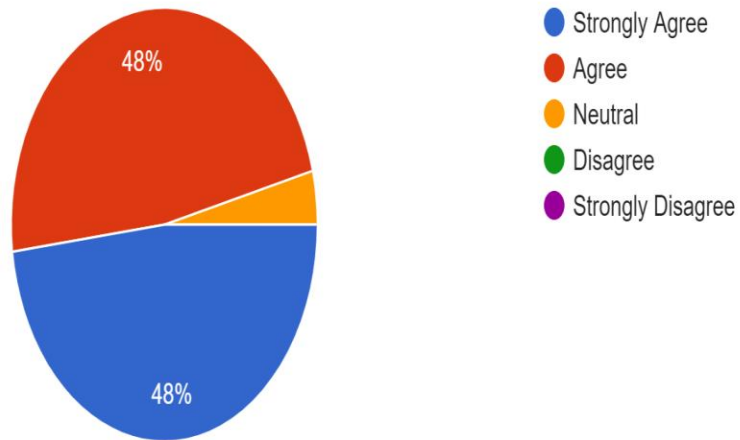

Curriculum has the capacity of developing organizational and leadership traits among students.

25 responses

Curriculum has the ability of developing professional ethics and spirit among students.

Analysis of Curriculum Feedback from Alumni

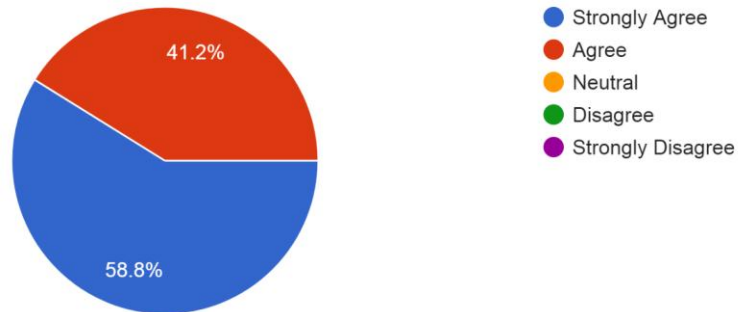

Feedback from Alumni for the session 2022-23 was collected in online mode. Various parameters were set for getting responses from the old students ranging from introduction of new courses to placement opportunities as well as efforts made by the institution on wholesome personality development.

1. As per the feedback received from previous years, institution started skill based and value added courses in the curriculum for the current session as reported by alumni(58.9 % were strongly agree and 38.2. were agree) on this feature in the curriculum.
2. Similarly for wholesome personality development equal importance was given to co-curricular activities as reported by alumni members (52 % strongly agree and 44.1 agree).
3. A curriculum can be considered a useful curriculum only, if it helps in the generation of good employment opportunities especially self -employment and the feedback clearly reflects that the institution remains successful on this matter also as 47 % alumni agreed and an equal percentage strongly agreed that the exposure given to them at the institutional level helped them to be employed or self- employed.
4. All the activities related to the curriculum can be carried out only if there is appropriate infrastructure and this prerequisite is kept in mind by the institution as reported by 50% who agree and 47.1 % who strongly agree.
5. As teacher education institutions are meant for developing good teaching competencies among the would-be teachers so on this parameter also our institution gets a good percentage from the students (79.4 strongly agree and 11.8 % agree).
5. As per the feedback of alumni, the institution introduced varied value added and skill enhancement courses for the session 22-23 in the form of finishing school programme, artsy crafts on jewelry designing etc.
6. Alumni members reported that institution provided them the opportunities for campus placement and many of them got jobs in reputed schools after completing their course as 91% alumni were in favor of the statement.

So if we have to summarize the whole picture of the alumni feedback on curriculum, we can say that the institution has worked on various components and majority of the alumni were satisfied. In areas where we can get more positive results should be looked upon in the coming years like establishing more links between theory and practice. Introduction of more courses and better placement opportunities.

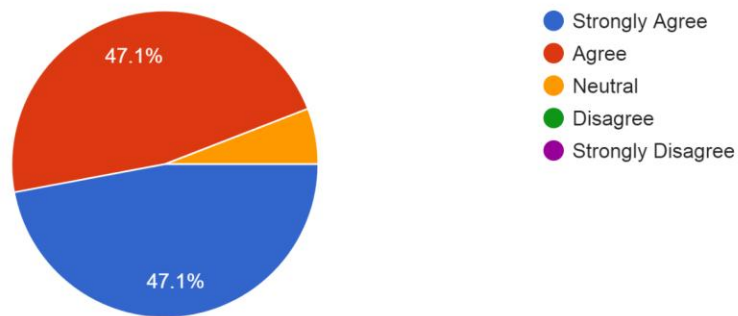

Curriculum helped in the all-round development of students personality.

34 responses

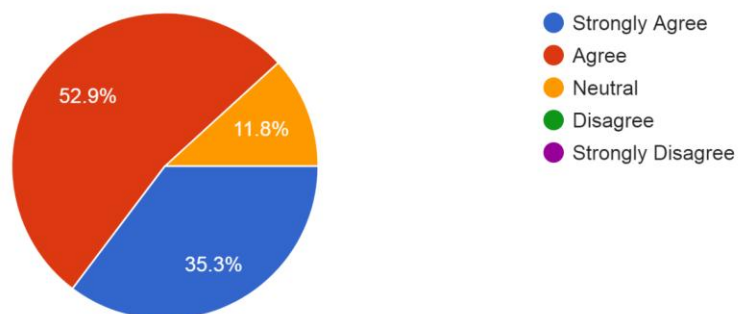

Curriculum generated a number of self employment opportunities for the students

34 responses

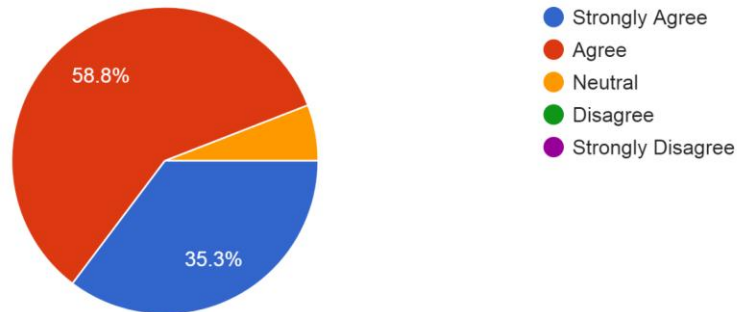

Curriculum focused on local/regional needs of the students environment.

34 responses

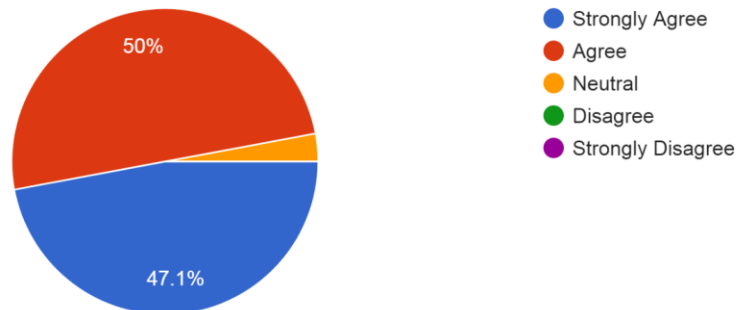

In the development of curriculum, theory and practical component got the due weightage.

34 responses

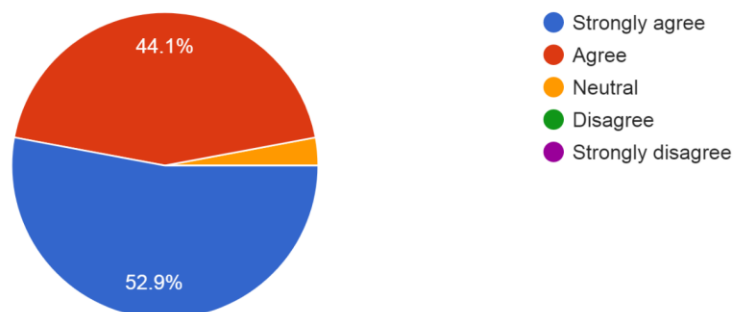

For effective transaction of the curriculum appropriate infrastructure was available at the institutional level

34 responses

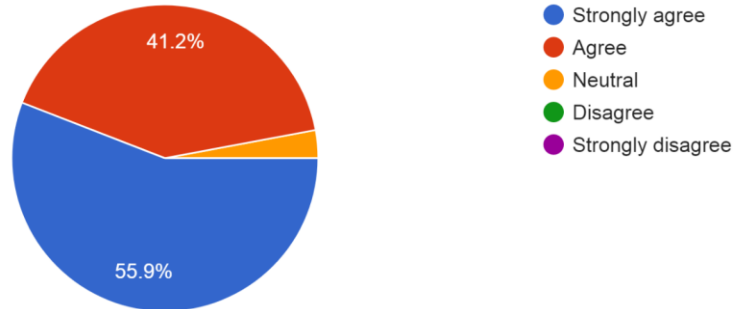

Co-curricular activities were given due importance in the framing and transaction of curriculum at the institutional level.

34 responses

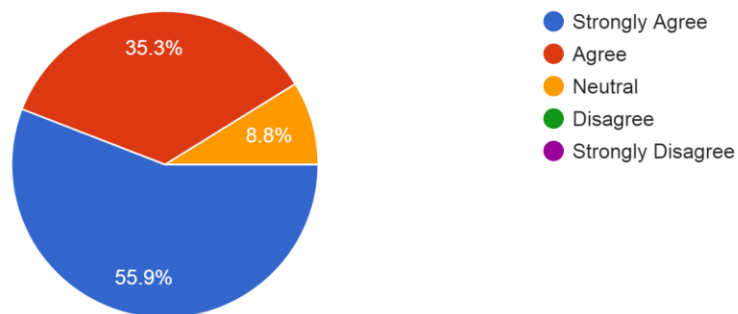

Internship Programme carried out by the institution helped the students in developing essential teaching competencies

34 responses

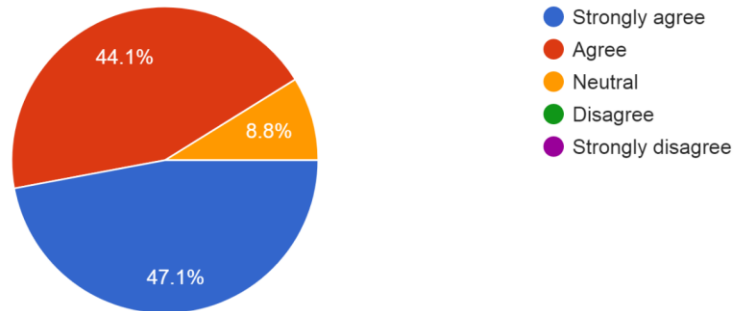

Curriculum provided the ample opportunities to the students for learning the essential life skills (Reasoning, Problem Solving, Emotional Intelligence, Stress Management etc.)

34 responses

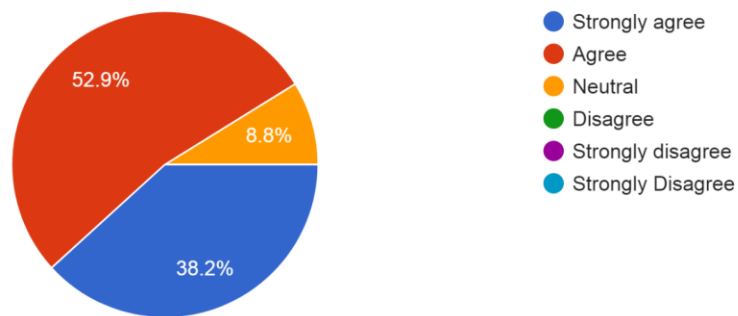

Good placement opportunities were provided to the students by the institution after completing the course

34 responses

Curriculum also focused upon value added and self study courses for enhancement of the knowledge and better employment prospects.

Analysis of Curriculum Feedback Given by Employers (Session 2022-23)

Curriculum feedback from the employers was collected through online mode for the session 2022-23. Review of previous years feedback was taken into consideration and a better link was established between parent institute and employers. Curriculum was modified and made more relevant to local needs through introduction of some new skill based courses. On most of the quality parameters our employers were more than satisfied as clear from the pie charts. Suggestions were also received for improvement in curriculum. Qualitative and Quantitative analysis was done which is as under:

Qualitative Analysis:

- Employers were of the opinion that life skills should be incorporated among students so that that can face job market;
- Students often feel difficulty in communication, so the institution should work on language proficiency skills of the students.
- As need of the hour is to practice inclusive education so students should be given exposure to special schools to understand the practical needs and difficulties of such students.
- As more and more student population is migrating for better prospects, so curriculum should include the courses which help them for their better settlement in their motherland.

Quantitative Analysis

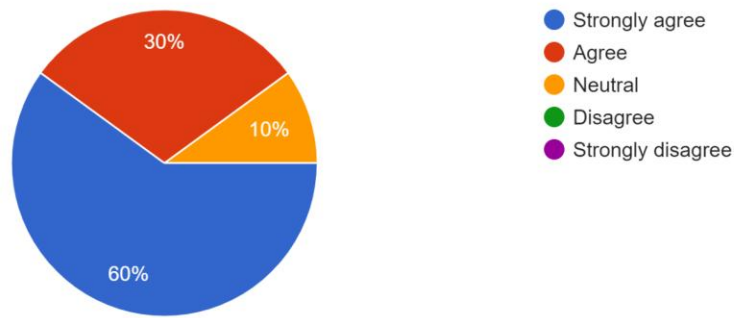

On the various parameters chosen for curriculum feedback the percentage of opinion and its analysis is under:

- Handling classroom crisis: 90% employers were in agreement with this statement.
- Administrative and organizational skills: All the employers were in favor of this statement.
- Preparing the teachers for contemporary social change: 90% employers agree with the statement.
- Hands on training/work experience programme: employers were totally in favor of efforts undertaken by the institution to include hands on training in the transaction of curriculum.
- Fulfills the expectation of employers: 90% heads supports the view that curriculum is able to fulfill the demands of employers from their employees.
- Curriculum includes the practices based on demands of local work environment as claimed by 80% of the employers.

- To broaden the outlook of the students and to promote mastery, institutions remained successful in providing detailed knowledge of the specialized areas as reported by all the employers.
- All the activities included in the curriculum have the spirit of self dependence which is the need of the hour (70% in favor). Institution introduced skill based courses including finishing school programmes, and certificate course in jewelry designing to promote self dependence.
- Students were given the best practices in preparing and using ICT skills as all of the employers were in favor of this statement.
- Spirit of developing professional ethics was well handled by the institution as reported by 90% employers.
- So if we have to summarize this picture, the institution is doing its best efforts which is reflected in conduct and performance of students.

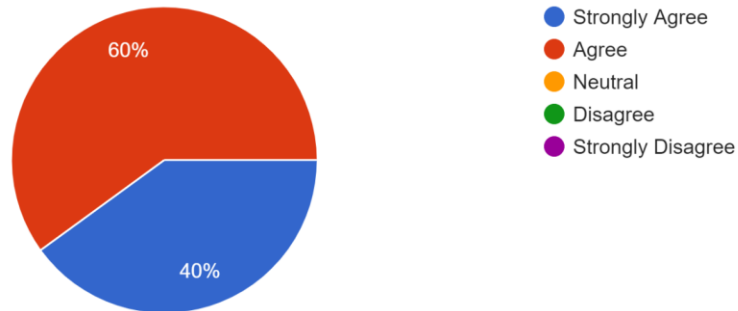

Curriculum incorporates the feature of training in handling classroom crisis in an effective way.

10 responses
