G.H.G. Khalsa College of Education, Gurusar Sadhar **Environment and Energy Policy**

Preamble

The Energy conservation Policy of G.H.G. Khalsa College of Education, Gurusar Sadhar is to manage energy in such a systematic way so as to minimize any adverse impact on the environment. The college is devoted to the cause of environmental awareness, to undertake green initiatives, and to conduct green literacy programmes to save energy and to protect the environment.

Scope of the Policy

Situated in the lush green and pollution free environment, G.H.G. Khalsa College of Education, Gurusar Sadhar has a long and enduring relationship with nature. G.H.G. places a huge impetus on initiatives to promote a positive attitude towards sustainable development and encourages its members to adopt an eco-friendly lifestyle and construct an environment congenial to a healthy living for the future generations. The energy conservation policy of the College will encourage students and staff to take the lead in creating positive change towards nature and to instill and spread awareness among themselves and the society for protecting and nurturing our natural resources. These initiatives call for a thorough review of all infrastructural, administrative functions from the standpoints of energy efficiency, sustainability and the environment. The policy implies to explore the renewable energy resources and to find alternate resources as solutions to the energy crisis.
